

H5DATACENTERS.COM

H5 Seattle is a Massive, Well-Connected Data Center

THE TOP 5 | Seattle

- 1) Excellent downtown Seattle location
- 2) 293,000 SF building with ample expansion opportunities
- 3) Diverse location to the Westin Building
- 4) 40+ on-site carriers
- 5) Cheap electricity with >95% renewable energy mix

H5's Seattle data center is located at 1000 Denny Way in downtown Seattle, adjacent to Amazon's corporate campus comprising more than 1 million square feet.

The 40,000 square-foot data center is served by Seattle City Light – a utility company that offers cheap, reliable power from one of the nation's more renewable energy mix (more than 95% comes from renewable sources).

H5 Seattle is one of the most interconnected buildings with more than 40 on-site carriers and direct access to XO and Level (3)'s long haul termination access points.

Diverse Data Center & Colocation Offering

1000 Denny Way offers a range of solutions for data center users, including powered shell, turn-key wholesale space, and colocation services.
