## Cincinnati's Premiere Data Center Campus

The 107,000 SF Cincinnati data center was originally developed by PNC Bank and is a Tier III, enterprise-class operation. The concurrently maintainable data center offers cabinets, cages and private suites.

The H5 Data Center can provide cross connection access to the key metro fiber providers in the Cincinnati area, including Cincinnati Bell, Lumen and Zayo. Conveniently located adjacent to the downtown Central Business District (CBD), H5 Data Centers Cincinnati data center has excellent access to the greater Cincinnati metropolitan area with close proximity to interstate highways I-75 and I-71 and the Cincinnati Kentucky International Airport.

The data centers is supported by diverse Duke Energy utility feeds and boasts some of the lowest power costs on the East Coast.

## Built to Support Mission-Critical Needs
